

User Story	Tasks to do	Tasks in Progress	Verification	Completed Tasks		Updated: 7/5/2020	Revision #1
User Story 1: As a user, I would like to be able to propose and vote on issues that others can see so that issues that need attention are seen by others.	<ul style="list-style-type: none"> <li>- Page for submitting issues (7 hours)</li> <li>Needs to change database</li> <li>Page for listing issues people proposed (8 Hours)</li> <li>Relies on database info</li> <li>Should be able to vote on issues</li> <li>Sort by votes</li> </ul>						
User story 2: As a user, i'd like pre written emails to send to a senator/representative of my choosing so that my voice can be heard and I don't have to invest a lot of time into writing the email.	<ul style="list-style-type: none"> <li>Page for generating emails (12 hours)</li> <li>Selection of issues</li> <li>For the sake of the project we will choose some issues ourselves for now.</li> <li>In the future these issues would be chosen based on most voted for issues</li> <li>Have a field for the user to enter their name</li> <li>Fill in the spaces in the generated email based on that</li> </ul>
