Your Voice Heard Sprint 2 Plan
Team: Zoomers
Completion Date: July 13, 2020
Revision Number: 2
Revision Date: July 8th, 2020

- **Goals:**
    - Have two features the user can utilized
        - Proposing and voting on issues
        - Getting generated emails
- **Task listing, organized by user story:**
    - **User Story 1:** As a user, I would like to be able to propose issues so that I can bring issues up that need to be heard
        - Page for submitting issues (7 hours)
            - Form that will have a title for the issue along with a description of it
            - Organization of issues.
        - Total hours: 7
    - **User Story 2:** As a user, I would like to be able to vote on issues that others have proposed so that I can bring issues to others attention
        - Page for listing issues people proposed (8 Hours)
            - Should be able to vote on issues
            - Sort by votes
            - Log a users ip as a way to prevent duplicate vote
            - Total hours: 8
    - **User story 3:** As a user, I'd like pre written emails to send to a senator/representative of my choosing so that my voice can be heard and I don't have to invest a lot of time into writing the email
        - Page for generating emails (12 hours)
            - Selection of issues
                - For the sake of the project we will choose some issues ourselves for now.
                - In the future these issues would be chosen based on most voted for issues
            - Have a field for the user to enter their name
            - Generate the email based on the user's name
        - Total hours: 12
